The Circ Desk

Display your Collections at DCPL

Are you a collector, an artist or a crafter who would like to share your collection or work with the public? Are you a member of a club or an organization who would like to publicize your group? If so, the public library may be just the place you're looking for.

The library has two display cases, one large built-in case in our entryway and one smaller case near the main circulation desk, which we try to keep filled with a variety of interesting items throughout the year. And one of our main sources for these displays is members of the public who are collectors, artists or crafters with interesting collections or works to share. In addition, we welcome displays from groups who would like some exposure. You get free publicity in a venue that sees an average of over 400 visitors a day (yes, the public library is that busy). It's a great but little-known public resource.

So, if you have an idea for a display at the library, please call us to inquire at (620) 225-0248, email us at sams@dcpl.info or come see us at 1001 N. Second Ave, to discuss the possibilities. And be sure to take a good look around the next time you come to the library, or else you may miss something fun and informative on display.

Anime Club 2018 !!

Do you like anime? Do you like watching anime? Have we got a program for you! Come to the Dodge City Public Library, and watch some great episodes of an anime, eat great snacks too. And if you really like anime, we have manga that you can check out. The first anime club meeting will be March 15 th at 3:30-4:30 in the Lois Flannigan Room.

Here is a hint about the first anime we will watch.

The Sohma family has been cursed for generations. When a member of the clan is embraced by a person of the opposite sex, they transform into an animal from the Chinese Zodiac! After keeping their secret hidden for years, their unusual household is turned upside down when young Tohru stumbles into their life. Can you guess what the anime is?

One of the goals the library staff and Board of Trustees identified within our strategic plan is to “create a more inviting environment.” We want our community to feel comfortable when they are at the library so they can enjoy the enormous number of resources and services available to them.

We hope you enjoy some of the more recent updates. The children’s picture book section is completely different. The collection is now organized by subjects in brightly colored bins allowing for books to be displayed face-out. We have continued to upgrade signage so it is more effective and looks nice. You might also notice the new method of displaying magazines. The magazines are now displayed in a highly visible fashion, face-out in clear bins, in a high traffic area. All of the back issues are immediately accessible and available to check out.

Over the next year and a half, services will expand to the lower level of the library, with the children’s department and Kansas Heritage Center finding new homes in the soon-to-be renovated space. You can rest assured that making the areas “inviting” will be a key focus during the renovation process. We can’t wait to share it with you.
